

30 minutes. 4 simple tests.  
*1 lifesaving decision.*

Don't miss the area's only vascular screening with same-day results and expert advice — just \$75! Are you at risk for a stroke, an aortic aneurysm, or peripheral arterial disease (PAD)?

**Our Vascular Screening Package includes:**

**Ultrasound scan of the carotid arteries** to assess stroke risk

**Ultrasound scan of the aorta** to identify aortic aneurysms, the most fatal form of vascular disease

**Ankle Brachial Index of the legs** to predict the severity of Peripheral Artery Disease (PAD)

**Varicose Vein screening**

**HSHS St. Clare Regional Surgery Center**

835 S. Main St., Oconto Falls  
Every Monday • 2 to 3 p.m.

**Space is limited!**  
**Call (920) 965-7411 to register.**

Results are available the same day and you'll meet with one of our vascular specialists to review your results and answer questions.

**Who should be screened?**

Anyone over the age of 50 with the following risk factors:

- Diabetes
- Smoking history
- High cholesterol
- High blood pressure
- Family history of heart disease

The cost of this screening package is not covered by health insurance companies, but may be applied towards your flex savings account. Payments of cash or check will be accepted. We are unable to process credit or debit cards.
